

FOLKS AND THINGS.

A NEW PREMIUM BOOK.

We have secured a great bargain for our readers in the extensively advertised book "Samantha at Saratoga." Josiah Allen's wife will fit and she made a big hit with the job. Agents sell the book for \$2.50 and it is being sold now for that price. We offer the work in the original fine binding and beautifully illustrated by Oppor of Puck fame, as follows: Pay \$2 for the C. G. one year and 50 cents extra and get the book, or pay \$1 for the C. G. for two years and get the work free. If by mail send 25 cents for postage. Old or new subscribers are entitled to this book on same terms. Call and see a copy.

LATE LEAVES.

We have a few copies of Laurel Leaves on hand and subscribers can have their choice of the two books so long as they last.

The line business continues dull. Prices are very low.

Pay Day in the Rockland Loan & Building Association next Monday.

The U. R. Marine Hospital, Rockland street, has two occupants.

E. K. Spear's residence, 128 Rankin street, has been repaired twice.

V. W. Fuller will occupy the Atherton house, Main street, this week.

The Lewiston papers speak very highly of Rev. J. H. Parshley's Memorial sermon in that city.

W. B. Hix and the N. E. Dispatch Co. are moving to their new quarters, foot of Orleans street, this week.

Some of our grocers are having greens due for them to pick for winter use. They pay 20 cents a bushel.

Saturday afternoon Michael Brady was thrown from a buggy on Park street, and one of his legs was broken.

Seven teams are hauling gravel from a field on the Austin farm, at the Meadows, for the electric railroad at Thomaston.

The Salvation Army drum corps and Vocalists Band made Main street quite noisily last Friday evening.

A case-in of the filling of the Limerock Railroad track, in the rear of Sherman, Glover & Co., badly twisted the trestle, Friday.

A receipt has been received setting aside the verdict in the suit of R. D. Merrill vs. Joseph L. Merrill. The jury verdict was in favor of the defendant.

Dell Jameson while bicycling at Ingraham's Mill, Wednesday, was run over by a team and severely bruised. The wheel, a new one, was nearly wrecked.

Bryant & Cobb were hard pushed with orders to be completed in season. Memorial Day. They put on a grand bustle, and the contractors were all fulfilled to the letter.

Hotel Claremont, corner of Claremont and Main streets, has been leased for five years to Frank Perkins of Pine Point, near Hildeford, who will furnish and open it at once.

H. N. Keene and F. W. Wight, Claremont street, have driveways through their grounds of unfitted cinders rolled down. It makes a very substantial roadway and the landscape effect is very pretty.

The Mother Greenery received an invoice of orchids direct from New York last week. Customers from the greenery both here and to the tomatoes from the greenery vines are luxuries which can be enjoyed now.

C. M. Blake is having a party added to the rear of his block. He has had the grounds about his block and home handily graded, and the premises look fine. He is to have his stable rebuilt and beautified.

C. M. Tibbets has supplied the Rockland market this season with lettuce. It retails at 10 cents a bunch—J. R. Richardson has celery under transplant—Cabbage plants retail for one cent each, tomato plants 40 cents a dozen.

Voxie's Band made our city a visit Friday evening and gave a most delightful concert in front of The Thorndike, which was enjoyed by a large concourse of our people. This band plays most artistically, and is always heartily welcomed to our city.

The Meadows.—Many of the apple trees hereabouts will have no blossoms this year. Whether it is the result of the ravages of the caterpillar worm last season is a question many would like to have answered. In this vicinity trees look well. Many of our neighbors are patronizing the electric cars. The kiln bill is receiving extensive repairs. The kiln bill has been new this year. Dandelions were never known, say some, to be so plentiful as this year.

The C. G. has through the spring published complaints of bad places in the roads here and there, and as a proof of the power of the press and the businesslike character of the Rockland Courier, we wish to call attention to the fact that in all cases the causes of the complaints were promptly remedied. Last spring was an exceptionally hard one on our streets. The first was deep and when it came out it twisted the thoroughfares about in a most vicious manner. Notwithstanding this fact, however, Memorial Day found our thoroughfares hard and smooth, and in the best condition they have been for years. We hear this on all sides and a drive about town will prove it true. Our Road Commission, Messrs. Ferrand, Donohue, and Simmons and Foreman Simmons and crew are entitled to a great deal of credit.

The Tribune.—Next Saturday will be a number worth reading.

Spiritualism.—Will have additional treatment by P. W. Smith, in reply to Rev. F. S. Dick, for an article of last week.

Teachers' Responsibility.—An interesting paper read by Miss Mary H. Grant at the recent teachers' convention.

The Fourth Maine.—Another installment of Col. Walker's personal memoirs of the war.

Our Great Story.—"David Ballou," you must read.

The Farmers.—Will have to read the original department published each week for their benefit.

And in Addition.—A. all the Home and County News, The Maine Guide, Maine News, and all the interesting gossip.

The members of M. A. Burpee House Co. wishing to honor the memory of the Rev. Dr. Parshley the late M. A. Burpee place annually on his grave, on Memorial Day, at Bay View Cemetery beautiful and costly decorations. This year they consisted of a large wreath of flowers and ferns, a tablet of white flowers on which were the words, "Our Chief" in purple flowers and a mound of flowers. All were chosen and leveled, and made a touching tribute of the high esteem with which the bereaved company regarded the man whose name they are proud to bear and who while he lived strongly reciprocated their sentiments.

Amusements and Announcements.

The Girls Friendly Society of St. Peter's Parish will hold a delightful strawberry feast in the Guild Room, Tuesday evening.

The Auxiliary to the Charitable Association will meet at 24 Granite street Saturday at 2 p. m.

All over the country, wherever produced, from Boston to San Francisco, "The Crust of Society" has evoked enormous interest. It is crowding the theatres with fashionable and scenes and commanding attention from people in almost every walk of life. Its interpretation at the Opera House by John Stetson's superb company will be a most notable event. The lesson it teaches will be discussed from another point of view from that presented by the French author. The play is rich in texts for the moralist, the lover of the ideal, the theatre, and those who have discussion and argument for the sake of argument. As the play is long, special emphasis is laid upon the announcement that the curtain must rise at 8 o'clock precisely. The tickets are now being sold at the Opera House. This great city attraction should be greeted with the largest audience of the season as it is given by the original metropolitan company. Wednesday evening June 8th is the date.

The McGibbeny family are so well known in Rockland that the announcement that they are to be at the Opera House next Friday, June 9, ought of itself be sufficient. They are all of one household, and each is a musical phenomenon. There is no instrument too difficult for them to play, or song too exacting for them to sing, and all done with the marvelous effect and correct execution. They play on brass instruments, on reed instruments and on string instruments, both as a band and individually, and they play all grades and classes of music from the simple plaintive little "Old Oaken Bucket" to selections from Wagner's "Die Gotterdammerung" and "Nihlungen." They range in ages from the little five-year-old who tucks the big hair down to the father. It is a performance that every student should take his wife to every father his children and every young man his sweetheart. All lovers of first-class music will find it a genuine treat.

A great many tickets are being sold for the recital to be given in Farwell Opera House Thursday evening, June 22, by Miss Clara W. Gregory of this city, a recent graduate of Emerson College of Oratory, Boston. Miss Gregory is very talented and has a great desire to hear her. She will be assisted by Miss J. L. Eaton, vocalist, and Mr. Bertram Shipshale, pianist, both of Boston. They are said to be very fine.

SUNDAY CLOSING.

Several of the Rockland churches on Sunday adopted the following resolution, which will be forwarded to Gen. C. P. Matthews:

Resolved, that we, the churches of Rockland, Me., do most earnestly and unanimously oppose the opening of the Maine Building at the Columbian Exposition on the Lord's Day.

It is understood that others of the city churches are in line with the movement.

Pain the Teacher.

"Borrow, best joy, is what we ought to pray for. As, best to pray, we profit most from pain."

The best, however, is considered none too good for free-born American citizens; and the pursuit of joy and peace, as the constituents of happiness, is one of the inalienable rights claimed for man in the immortal Declaration of Independence.

Mr. Henry L. Wood, of Belfast, Me., has had exceptional success in the pursuit of that without which, in general, neither enjoyment nor happiness is possible—Lethargy. He is a young man who, for thirteen years, had been afflicted with rheumatism, indigestion, and a cough, which was constant and troublesome, particularly when a severe attack of La Grippe, that he was apprehensive of consumption—two members of his family having died of that disease. He suffered almost constantly from Rheumatism, which particularly affected his right foot, to such an extent that he was frequently unable to work for days and even weeks at a time. He had been treated by many regular physicians, and expended a large amount of money for various popular patent medicines without receiving any benefit from either. He says:

"Saturday evening, Jan. 28, last, my right foot was so swollen and painful that I could hardly stand upon it, and, on the recommendation of Mr. R. H. Moody, druggist, of Belfast, I bought of him one bottle each of Rodolff's Discovery and Emulsion and commenced their use. Within 24 hours the swelling had subsided and the pain ceased, and I have not been troubled with either since. I have not been free from rheumatism as long as any time during the past thirteen years. My stomach trouble has been materially improved and is still improving. My cough has almost entirely ceased. I have now taken three bottles each of the Discovery and Emulsion, and am continuing their use. My general health is much improved and I have increased in weight; my appetite is better and my capacity for work much increased. In short, I am now in better health than ever before with my rheumatism, and ascribe it altogether to the wonderfully beneficial effect of the truly remarkable remedies of the Rodolff Medicine Co. I have paid the full price for all of these which I have taken, and voluntarily give this testimonial for the benefit of those who may still be suffering as I have suffered."

"She Looketh Well"

to the ways of her household." Yes, Solomon is right; that's what the good housekeeper everywhere does, but particularly in New England.

But her ways are not always old ways. In fact she has discarded many unsatisfactory old ways. For instance, to-day she is using

the New Shortening, instead of lard. And this is in itself a reason why "she looketh well" in another sense, for she eats no hard to cause poor digestion and a worse complexion.

COTTOLENE is much better than lard for all cooking purposes, as every one who has tried it declares. Have you tried it? For sale everywhere.

GOAT HAIRS.The Various Secret Societies and What
They Are DoingThe stated communication of Aurora
Lodge, F. and A. M., occurs tomorrow
evening. It is reported that there will be
work on the Entered Apprentice Degree.Claremont Commandery, Knights Templar,
is to entertain Palestine Commandery
No. 11, of Belfast, and De Valois Command-
ery No. 16, of Vinalhaven, in this city
July 6 and 7. Preparations for the enter-
tainment of the visiting Sir Knights are
being made and a good time is expected.Island House Encampment, I. O. O. F.,
of Vinalhaven worked the Royal Purple
Degree on a class there at its meeting Fri-
day evening. There was a large number
present and the work was done in a manner
that was a credit to all and a revelation to
the older members. Five applications for
membership were received and accepted.
After the work a collation was served in the
dining room. By invitation of Rockland
Encampment these five will be taken to
Rockland next Friday, June 9, where the
Patriarchal Degree will be conferred by the
Degree Staff of that Encampment. Arrang-
ements are being made with one of the boats
to leave about six p. m. on that date and
return about 12. The Vinalhaven Band
will accompany the excursion. Friends of
the Patriarchs can secure tickets in advance,
from the committee having the matter in
charge.**SMUGGLERS DETECTED**A Knox County Man Does a Nice Piece
of Detective Work.A scheme for defrauding the United
States government of revenue for imported
tin was unearthed Thursday by Special
Customs Inspector T. R. Stinson at East-
port. Mr. Stinson has been working on
the case for the past week and awaiting the
arrival of schooner Eva N., at Eastport,
which was supposed to be loaded with
durable tin. Thursday the schooner put
into that port and as soon as it had an-
chored Inspector Stinson boarded the
vessel. He accused Captain Holbrook of
smuggling dutiable tin into the United
States without paying any revenue on it
and then he proceeded to make an inven-
tory. He discovered 200 cases of tin
plate upon which no duty had been paid,
and which were valued at over \$1,000.
The merchandise had been smuggled
across the St. Croix river into Eastport
from Beaver Harbor, N. B. The tin is
used chiefly by the manufacturers of sardine
boxes in Eastport. As the duty on tin is
exceedingly high, the manufacturers reaped
a good harvest in the profits by smuggling
into the city.Inspector Stinson seized the tin and
notified Collector Curran, who placed his
inspectors in charge of the schooner until
it is unloaded and sold by the government.**FISHING FACTS.**The Salmon Fishery at Matineux—
Prospect Regarding Mackerel.R. F. Orie & Sons captured in their trawl at
South Matineux, Thursday, 14 salmon, 175
pounds of herring, and 14 medium mackerel.
The salmon weighed 200 pounds, and on Fri-
day seven more were caught. They were
taken to Boston.Will Spear and W. H. Wakefield snared two
handsome salmon at Alfred's Lake, Wednes-
day, weighing seven and eight pounds....
W. F. Sorenson and L. Q. Tyler whipped the
lake Thursday and secured a salmon that
weighed 5 1/2 pounds and one pound trout.
Tyler was the lucky man....C. E. Littlefield
and F. W. Wright went to the lake Friday and
got—haddock. A Boston man captured a
handsome salmon in the afternoon.**THE ELECTRICS.**Mr. Jacobs, electrician, of the Rockland

BOSTON, June 6, 1893.

It is often said that a lady stenographer
is a woman of unusual talents. In the case of
Miss Lillian M. Lewis, a
former Belfast lady, well known in Rockland,
this is one of the most successful stenographers in
this city. She has an office in the Mason Build-
ing on Kilby street, where she employs two
assistants. The numbers among her patrons
many of the insurance houses that have their
offices in that vicinity. Miss Lewis has ac-
quired that skill in her profession that she ad-
vances notes, but receives dictation direct,
taking it off on the machine.I met Clarence Leach in T. E. Moreley &
Co's, the other day. He has been in the em-
ploy of this firm, which is one of the finest re-
tail shoe houses in the city, since leaving Provi-
dence some two years ago. The same day I
saw another Rockland boy, Geo. Crocker, who
is on the opposite side of the street with Jordan,
Marx & Co.One of the first places that Vinalhaven peo-
ple visit, when in the city, is 42 Franklin
street, where they are always sure to be warmly
welcomed from Capt. C. W. Roberts, a former
resident of that place, but who for the past five
years has been employed by the United States
Express Co., as night watchman.Among those here last week were Capt. O. A.
Crocker, Justice Richardson, Mrs. D. X. Mor-
land, Mrs. F. R. Spear and her mother, Mrs.
Furbush.The old Boston Museum is undergoing great
changes these days, and when its doors are
opened again in August, its old friends will
know it only by its name and location. The
curios, which gave it its name, have disappeared,
having been donated to the Museum of Natural
History. The additional space thus secured
will be so utilized as to greatly increase the com-
fort of patrons. The seating capacity of the
house will be increased, and the lobby will be
the finest in the city.The season of light opera at the Bowdoin
Square Theatre begins tonight and the perfor-
mance announced promises great enjoyment.
For the first week the "Hesper Student" and
"The Black Hussar" are the attractions. A
prominent concert will precede each evening's
performance.The new musical comedy "The Golden Wed-
ding" made its first appearance at the Park
Monday and has packed the theatre all the
week. It seems to have hit the popular taste,
which at this season of the year demands a
light and musical attraction.The second and last week of "Rosetale" at
the Grand Opera House begins tonight. The
play has been very successful and attended by
large audiences.**GRATEFUL SAILORS.**They Return Thanks for Favors Re-
ceived from Various Sources.About the middle of last month, schooner
Addie J., Capt. Hall, of Kingston, with
sail and for Vinalhaven, foundered off the
George's Islands. One of the crew in his
house paper gives an account of the happen-
ing from which we take the following:We then rowed before the wind for Burnt
Island, about nine miles distant. We
passed around the southeast end of the
island, where the water was smooth, and
to the northwest along the shore, where we
saw a flagstaff, and on landing and going
up from the beach found it to be the Life
Saver Station in charge of Mr. Harriet
Ellwell, who received us kindly and ap-
plied us with food and dry clothing. We
remained on the island over Sunday. Mon-
day morning we were carried to Port Clyde
by Capt. Ellwell. There we secured a pas-
sage to Rockland on the little steamer May-
field, Capt. Hyer, plying between Friend-
ship and Rockland, touching at Tenant's
Island, and Hallow's and Hallow's Rock. At
Rockland we embarked for Boston on the
Boston & Bangor S. S. Co. steamer Kata-
day. From hence we were passed to our
respective homes by the O. C. R. R. Com-
pany. We all unite in giving thanks to the
two steamboat companies and to the officials
of the Old Colony for furnishing us with
free carriages, and will remember the great
kindness of the genial Capt. Ellwell. We
are at a loss to account for the sinking of
the vessel, as the pumps had been tried but
a short time before she sank and no water
was obtained.In less than five minutes after the discov-
ery of the leak she had gone down. The
Addie J. was owned by Parker J. Hall,
master, and sister of Kingston, was about
fifty tons burden, built in 1890, Mill-
bridge, Maine. She was valued at \$100
and insured for \$1000. The captain has no
insurance on his part or on cargo.Tapley's "Broad Winner" outwears all
